President's Determined Stand for Completion of Legislative Program Starts Busy Hum of Industry.

HOPE FOR ADJOURNMENT BY THE END OF JULY

Democratic Leaders, After Conference, Express Certainty That Measures Will Pass Speedily.

[By Leased Wire to Evening Herald.] Washington, June 16.—President Wilson was hopeful today that the administration trust legislation will be passed by congress before adjournment by the end of July. He was optimistic as a result of a conference today with Senator James of Kentucky and the conference last night with other senators and the chairman of working committees.

The president expects the railroad securities and the omnibus anti-trust bill to be reported out of committee within the next two weeks.

The president's attitude against any adjournment without enacting the trust bills had an immediate effect at the capitol. The leaders began hurrying work on the appropriation bills and turning up the legislative machinery all along the line. Most of the senators are eager for a midsummer adjournment. Democratic Leader Kern said he thought the trust program could be disposed of so congress could adjourn before August 1 and he expected no opposition from the Republicans.

THOUSANDS OF GUARDS AT ASCOT TRACK

King and Queen Attend Great Society Race Meeting Guarded as If Going Into Pitched Battle.

QUEEN'S THREAT TO QUIT ENCOURAGES THE FURIES

Blood Hounds, Machine Guns and Triple Lines of Police Employed to Defeat the Suffragettes.

[By Leased Wire to Evening Herald.] London, June 16.—Never before have such precautions been taken to guard members of the royal family from the suffragettes as were taken today at the Ascot race course. The opening of the leading society race meeting found more than 1,000 London police and hundreds of detectives from Scotland yard assembled on the historic course as reinforcements for the regular Berkshire county police force which had been mobilized in full strength.

The six mile route from Windsor castle to the course was lined all the way by policemen.

The militants, in spite of the queen's threat to cancel the rest of the season's social engagements showed themselves more determined than ever to obtain publicity for their cause or attacking the king.

The arrangements for guarding the entrance to the royal enclosure on the race course were more stringent than ever. Every applicant for a ticket had to be vouched for by some responsible official.

The track was closely guarded and there were triple rails to prevent any unauthorized persons from reaching it. For several days and nights men accompanied by watch dogs have patrolled the course and alarm guns have been placed in position around the stands and lawn.

WESTERN FEDERATION CHIEF THROWS DOWN GAUNTLET TO REBEL MINERS IN BUTTE

Declaring that Miners Union is About to Merge With United Mine Workers, John C. Towney Declares His Organization Will Demand Strict Obedience to Its Rules and Officers and that those Who Disobey will be Cast Out. Grave Situation Precipitated.

[By Leased Wire to Evening Herald.]

Butte, Mont., June 16.—Declaring there was nothing to compromise and that the Butte Miners' Union No. 1 of the Western Federation of Miners was the only organization that could do business in Butte, John C. Towney, member of its executive board of the Western Federation of Miners, in a formal statement today threw down the gauntlet to the disaffected faction and declared war against any faction of miners that attempted to set up an independent organization.

Towney dismissed all attempts at compromise by asserting that the federation would have nothing to do with outsiders. He said that while efforts had been made to obtain concessions from the federation representatives on the question of a vote to surrender the charter from the present body, the officers of the old union organization would have no hand in such a procedure.

Towney said the union, holding contracts with the mining companies, would insist on carrying out every agreement in full. He insisted that a lawless element from the outside was primarily responsible for the destruction of property and that the men joined with the mob were miners who for months had not paid their union dues.

The statement concludes with the declaration that the Western Federation of Miners and the Mine Workers of America are about to merge into one great miners' organization. It charges the Industrial Workers of the World leaders here with entire responsibility for the present situation.

Towney's statement it is feared by the city officials will precipitate a crisis tonight when the union holds its regular meeting. Large numbers of men are being sworn in by Sheriff Driscoll as deputies for emergency duty.

VIGOROUS EFFORTS BEING MADE TO BRING ABOUT TRUCE
Butte, Mont., June 16.—With the regular meeting of the Miners' union scheduled for tonight the situation here as the result of that organization's factional riot was quiet but tense today. Every effort was being made to bring the opposing factions together. Committees of five men each have been appointed by the leaders in the union and the secessionists for a conference arranged through the efforts of M. M. Donohue, president of the State Federation of Labor. The propositions to be submitted to the conference with a view to bringing back the secessionists into the organization are:

ASK PRESIDENT TO SEND FEDERAL TROOPS TO BUTTE
Washington, June 16.—Senator Myers and Representatives Stout and Evans of Montana went to the White House today in connection with the request of Governor Stewart that President Wilson send federal troops to quell disorder at Butte between members of the Western Federation of Miners and the Industrial Workers of the World.

In view of the apparent quiet condition in Butte today the Montana delegation did not press for the immediate sending of troops but made an engagement to see President Wilson tomorrow and discuss the entire situation with him.

SAYS GOVERNOR HAS NOT YET ASKED FOR TROOPS
Helena, Mont., June 16.—"I do not understand that Governor Stewart has asked that federal troops be sent into Butte," said United States Senator Walsh today. "I understand merely that he asked that troops be sent either to Fort Missoula or to Fort Harrison so that they would be available if needed."

"Governor Stewart is fully competent to handle the situation and if he has made any call for federal aid I'm satisfied the need exists. I have no intention of making a personal investigation."

DELEGATES CONCENTRATE ON CHOICE OF A MAN

The abandonment of all records of the old union except the charters from the Western Federation of Miners on the contract with the employing companies, the re-issuing of the union officers; an immediate open election at which all miners will be entitled to vote regardless of arrears in dues or assessments; immediate installation of the officers so elected, to be followed by a full vote of miners on the question of retaining the charter if the Western Federation. If the membership votes to return the charter to the federation the miners are to proceed alone as an independent union.

In the meantime the secessionists will continue the program they have laid out, beginning with the taking of the referendum vote tomorrow on the question of showing Western Federation cards at the mines.

Governor Stewart reiterated today his assertion that he had not asked that federal troops be sent to Butte. He said his message to Washington simply asked regarding the disposition of federal troops with a view to learning whether troops were available if conditions here become serious.

Former Senator Says He Expected to be Thrown Down by Mexican When Activities Became Public.

[By Leased Wire to Evening Herald.] Niagara Falls, Ont., June 16.—The American commissioners motored over to Buffalo this afternoon to confer with representatives of General Carranza.

Nothing was known of their departure from Niagara Falls until about the time they were due to return. They expect to secure the names of prominent Mexicans that the constitutionalists will be willing to have selected as provisional president.

MEDIATION AGAIN CONFRONTED BY UNCERTAINTY AND DELAY
Washington, June 16.—Secretary Bryan was still hopeful today of the ultimate success of mediation despite the developments at the Nicaragua conference. When he went to the cabinet meeting the secretary said he believed the situation would shape itself that the constitutionalists would participate in the mediation proceedings in some form.

The general opinion in official circles was that mediation was again confronted with a period of delay and uncertainty, but that another step would be worked out soon.

TOWNE EXPECTED HUERTA WOULD THROW HIM DOWN
Former United States Senator Charles A. Towney announced today the conclusion of his mission in Washington in connection with the Mexican mediation situation. He issued a statement declaring his firm had been "retained to give emphasis in proper quarters of the sincere determination on the part of the Mexican delegates at Niagara that in the institution of a provisional government the presidency should not be bestowed on a pronounced adherent of Carranza, but that a man should be chosen whose neutral attitude will be a guarantee that the restoration of order would be based on a united Mexican union rather than on the will of a victorious faction. My firm, having performed its duty, has no further connection with the matter."

When shown a despatch stating Huerta had not authorized him as his representative, Mr. Towney said: "I expected that."

[By Leased Wire to Evening Herald.] Trinidad, Colo., June 16.—More than one hundred witnesses will be called before the Las Animas county grand jury within the next few days to testify concerning the various alleged disorders and disturbances which have taken place in the local district. The secret inquiry of the grand jury was continued today and the report of its findings is not expected for several weeks. Local union leaders say they have scores of witnesses to offer in connection with the troubles at Ludlow, particularly the battle of April 29, at which time twenty-one persons lost their lives during the fighting and the burning of the strikers' tent colony.

No decision has been announced by the secretary of war relative to the matter of permitting the eastern organizers of the union to enter the district, but on the strength of the recent ruling of the assistant secretary the organizers already here are performing the duties assigned to them by the union officials.
